

24th PanCare Meeting

Basel, Switzerland

11th - 13th September 2019

Programme

Welcome message

Dear PanCare friends, dear colleagues,

On behalf of the Organising Committee, **we are pleased to welcome you to the 24th PanCare meeting in Basel, Switzerland.**

The programme will cover many aspects of survivorship and will also give room for the survivors, their families and survivorship organisations to emphasize their views and give their inputs. Results of completed and ongoing PanCare projects will be presented as well. Following the great success of the first education day at the spring meeting in Opatija, the education day in Basel will focus on the topic of poster presentation.

As fundraising has become a priority within PanCare, all participants are welcome to join and support the FUN RUN on Thursday – enjoy the beautiful riverside of the Rhine in the early morning.

We are confident that this meeting will bring us one step closer to fulfilling PanCare's mission: to ensure equal access to optimal long-term care and to improve quality of life for every child and adolescent in Europe after their cancer treatment.

We would like to extend our appreciation to all the members of the organizing committee (PanCare and local), the PanCare Board members and all invited speakers for their valuable input to this meeting, as well as to the sponsoring organisations for their generous financial support.

Finally, we would like to thank all the participants and wish you all an interesting as well as productive meeting.

On behalf of the Organising Committee,

Associate Prof. (CAN) Dr. med. Katrin
Scheinemann
Local Organiser

Dr. med. Helena van der Pal
PanCare Chairperson

Wednesday, 11th September 2019
